Geneva, 14 July 2026

Administrations of ITU Member States
in the CIS Region

**Subject: Training Seminar "Satellite Communications: Regulatory and Technical Aspects",
September 8-9, 2026, Bishkek, Kyrgyz Republic**

Dear Sir/Madam,

We are pleased to invite your Communications Administration to participate in the **Training Seminar "Satellite Communications: Regulatory and Technical Aspects"**, which will be held from September 8 to 9, 2026, in Bishkek, Kyrgyz Republic.

This event is jointly organized by the International Telecommunication Union (ITU) and Intersputnik at the kind invitation of the Communications Administration of the Kyrgyz Republic as part of the joint project of the ITU Telecommunication Development Bureau (BDT) and Intersputnik "Satellite Communications Capacity Building".

The Training Seminar is designed for representatives of regulatory authorities, satellite operators, and other industry stakeholders to explore issues of satellite communications regulation, electromagnetic compatibility in satellite systems, and modern satellite communications technologies.

The Training Seminar will be conducted in Russian and will be held offline. All Seminar materials will be available on the website: [link](#).

Participation in this event is free of charge. However, all expenses related to travel, accommodation, and insurance for participants must be covered by the sending administration/organization. Online registration for the Training Seminar is available at this [link](#).

To encourage participation of [developing countries](#) and subject to availability of funds, one full fellowship may be granted per eligible Member State, within the CIS region only. Full fellowships will cover the air ticket (one return economy class ticket by the most direct/economical route from the country of origin to the meeting venue), and appropriate daily subsistence allowance intended to cover accommodation, meals and incidental expenses. Member States shall cover the remainder of the cost of the participation.

In line with Plenipotentiary Resolution 213 (Dubai, 2018), it is encouraged that fellowship nominations take into consideration gender balance and inclusion of persons with disabilities and with specific needs. The criteria to grant a fellowship include: available ITU budget; active participation, including the submission of relevant written contributions; equitable distribution among countries and regions; application by persons with disabilities and specific needs; and gender balance.

Fellowship application should be done via [online form](#) by 28 July 2026 (23:59 hours, Geneva, Switzerland) at the very latest. Registration prior to submitting the fellowship request is mandatory.

For further information, please contact Farid Nakhli, Program Coordinator of the ITU Regional Office (email: farid.nakhli@itu.int) and Natalia Zorya, Project Coordinator and Intersputnik Expert (email: zorya@intersputnik.org).

Yours faithfully,

Cosmas Luckyson Zavazava
Director of the ITU Telecommunication Development
Bureau

Ksenia Drozdova
Director General of the Intersputnik International
Organization of Space Communication
